

Delamere Forest Trail Diversions

Forestry England and Forest Holidays are working together to create a sustainable vision for Delamere Forest.

Our aim is to keep as many forest trails open as possible during these works, however it may be necessary to temporarily restrict access to certain routes for the safety of forest users. Every effort will be made to minimise the disruption to trails and walking routes.

The map on the right shows alternative trails you can take while you're out exploring Delamere Forest.
